A MESSAGE FROM MRS. MEYMANN

November marks the end of wearing uniform shorts. Boys should begin wearing their long uniform trousers, starting on Monday. Although St. Johns is a school that is typically toasty warm in winter, the third and fourth grade hallways have been having some heating difficulties due to a faulty boiler this year. The needed repairs are scheduled for early next week. It may be wise to dress students in sweatshirts and cardigans until the heating system is working consistently.

Our new playground benches are here! Did you spot the very durable-looking red benches on the playground? They were made from the thousands of plastic lids you sent to school with your children. Thank you, PTC, for overseeing this project. Soon you'll be learning more about the special function of *one* of the new benches.

Professional Learning Communities come together to focus on student learning in the school. For this to happen, teachers must have time to discuss what is being taught and to examine student progress toward meeting learning targets. Our teachers have common planning time at their grade levels, providing time for such meetings to take place and vertical and department meetings before or after school. Teachers are well prepared to respond to your questions about your child's learning strengths or weaknesses, and are looking forward to meeting with you at the November conferences.

PTC Meeting - The next PTC meeting will be held on Thursday November 12 at 7:00 pm in the Jr. High Building. Note this is the **second Thursday, rather than the third**, due to conferences. Come to receive updates on fundraisers and to discuss new initiatives.
